

Nuneaton Aeromodellers Privacy and General Data Protection Regulation Policy

At Nuneaton Aeromodellers hereafter referred to as “the club”, we’re committed to protecting and respecting your privacy.

This Policy explains when and why we collect personal information about people who join the club by whatever means, how we use it, the conditions under which we may disclose it to others, how we keep it secure and your rights in relation to your personal data.

What is GDPR?

The EU's General Data Protection Regulation (GDPR) is the culmination of four years of efforts to update data protection for the 21st century, in which people regularly grant permissions to use their personal information for a variety of reasons in exchange for 'free' services.

A new Data Protection Bill, put forward by the UK government in August 2017, essentially replicates the requirements of GDPR into UK legislation, meaning those compliant with GDPR should be compliant with the new UK data protection law.

The GDPR will apply in all EU member states from 25 May 2018. Because GDPR is a regulation, not a directive, the UK does not need to draw up new legislation - instead, it will apply automatically irrespective of Brexit.
